

You've put in the hours. You've gained the field experience. Now it's time to take your career to the next level.

The IEC Chesapeake Journeyman Exam Prep class will review and reinforce the knowledge you need to pass your exam and earn your Journeyman License credential.

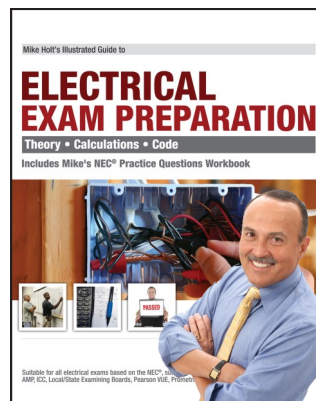

Description:

Walk into your **Journeyman Exam** feeling confident and well-prepared.

This 28-Hour class is designed to provide a thorough review of the **2017 National Electric Code (NEC)** and the Electrical Calculations you need to know when sitting for your Journeyman Exam.

Your enrollment fee includes a copy of **Mike Holt's Exam Prep Text Book**.

You must have 4+ years of experience in the electrical trade to be eligible for this course. You must also bring your own copy of the 2017 NEC Code Book.

Instructor :

Paul Fitzhugh started in the electrical industry in 1984 working in an electric motor shop rewinding and rebuilding electric motors and controls. In Paul's past 33 years in the industry, he has worked in residential and commercial settings. Installing, troubleshooting, and inspecting electrical premise wiring systems. For the past 11 years, Paul's position provided him the opportunity to work as a plans examiner, inspector, and medium voltage electrical engineering technician. Paul began teaching as an electrical instructor in 2006 and received his Electrical Masters license in 2007. He has continued as an electrical instructor for the past 10+ years teaching apprentices, continued education classes, and Master and Journeyman prep courses.
