Virginia
North Carolina

This user-friendly online program is based on Mike Holt's best-selling Code Change book and provides you with an easy way to meet your CEU needs at home. For over 20 years, Mike Holt has been designing CEU programs that are easy to use and effective in teaching you the code. If you are looking for a great way to meet your requirements and learn the most significant changes to the 2014 code then this program is for you.

This particular online course is eligible for continuing education credit in the following states/jurisdictions as follows:

Delaware: 8-hours; Virginia: 3-hours

Maryland: Cecil County for 5-hours and Queen Anne's County for 8-hours

North Carolina: 8-hours (IMPORTANT NOTE: For North Carolina at least 50% of CEU hours must be obtained by in-person classroom or seminar attendance. Special restricted licensees require 4 hours.)

This course features 24/7 online access and allows you to stay in the course for the length of time that best suits your needs. Course progress is saved automatically at 5 minute intervals in addition to the Save and Logout option.

NOTE: To be able to use this program reliably we recommend that you have a stable and reliable Internet Connection. Our online training programs are compatible with most Adobe Flash enabled phones and tablets.

IEC Chesapeake focuses on Green Jobs in Solar Energy, Apprenticeships, Continuing Education, Certifications for Electricians, those looking to further a career or those looking towards the future. IEC is a trade association representing 3,000 electrical contractors in 60 chapters across the U.S. IEC Chesapeake has more than 150 members throughout Delaware, Maryland, Virginia, Pennsylvania, West Virginia and District of Columbia.
